OTHER FUNDING OPPORTUNITIES IN 2020

CORPORATE MEMBERSHIP
Our organization thrives on the spirit and energy of community members from across the country and is able to advocate and assist for so many due in part to the support from our corporate partners. Our membership program offers membership to corporate pharmaceutical and biotech companies as well as specialty pharmacies of 340B HTC's.

FUNDING GUIDE
Sponsorships and support of our programs and initiatives is imperative to bringing valuable educational opportunities to the community. Through the education and empowerment of patients and families, we mobilize a grassroots network of engaged advocates to raise awareness, ensure strong legislative and regulatory protections, and improve health outcomes and quality of life for people living with bleeding disorders. We support community members to develop personal advocacy skills so they can raise their voice and make an impact on their health care system.

INFORMATIVE COMMUNICATIONS (ADVERTISING) MEDIA KIT
We provide informative communication opportunities to entities that provide services and therapies to people with bleeding disorders. These educational tools build knowledge and support actions of self-advocacy within the community. Reach our community members through our print and digital channels.

HISTORY ARCHIVE PROJECT
While we have built a comprehensive timeline of the community’s history, recorded personal stories and oral histories, and made an initial donation of artifacts to the Smithsonian Institution’s National Museum of American History in Washington, D.C., there is much work left to be done. HFA can be the catalyst for this monumental project, but we can’t preserve the community’s history on our own. It’s not HFA’s story to tell, it’s all of ours!

To learn more about these opportunities, contact info@hemophiliafed.org.
EXHIBITING AT SYMPOSIUM

Our Exhibit Hall provides a comfortable learning environment for community members to engage in conversations about current and potential therapies and services with industry partners. We request that your booth space be designed to foster a relaxed, warm and welcoming feeling that provides an environment of approachability for families.

Exhibiting at HFA’s Symposium provides your company with seven hours of exhibit time with no competing community educational sessions.
